Our speaker for the evening will be Robert Craig with Magellan Midstream Partners. Robert is the Operations Control Supervisor – Applications and will be speaking on “Use of SCADA and layered software to improve pipeline safety and efficiency in an Operations Environment.” He started with Williams Pipeline as an IT Applications Analyst in 1989 and then became the Applications Supervisor. At Magellan Robert has also held the position of SCADA supervisor where he was the project manager for the Shell Orion, Chase, and Sinco Pipeline SCADA integration. He now oversees Control Room Management Compliance.

We would like to thank Tulsa Rig Iron, Inc for sponsoring the February meeting! Quality, reliability, and integrity are three words synonymous with Tulsa Rig Iron. Since 1987, they have engineered and manufactured industry leading products for the HDD and oilfield industry. Their specialties are mud mixing and recycling systems rated at 50 to 1500 GPM, and mud pumps rated from 5 to 880 GPM.

Their state of the art 100K square foot manufacturing facility is located in Kiefer Oklahoma, a suburb just outside of Tulsa. Product details can be found on their website at www.tulsarigiron.com or by contacting them at
